

## Who is Maidment Land Surveys?

We have over 30 years of experience municipal land surveying in Calgary and serving the needs of southern Alberta. We specialize in supporting land development through subdivision, condominium, strata, and right of way surveys. Our clientele spans from individual landowners to prominent large-scale developers. In addition, we excel in carrying out construction surveys to support projects in the multi-family, commercial, industrial, and infrastructure sectors.

Currently, we are in search of an Alberta Land Surveyor or an articling pupil to join our dynamic team.

## Your Qualifications and Skills

- We are seeking candidates who are either practicing Alberta Land Surveyors or articling pupils registered with the ALSA.
- Alternatively, individuals holding a valid land surveyor commission within a Canadian jurisdiction, with the ability to obtain ALS status within the first year of employment, will also be considered.
- Experience in municipal development, including subdivisions, condominiums, and strata plans.
- Experience with construction projects, plans, and survey layout.
- Proficiency in AutoCAD and Civil3D is highly desirable.
- Strong verbal and written communication skills are a must.
- Self-motivation, a robust work ethic, impeccable time management abilities, attention to detail, and a commitment to delivering exceptional customer service are the qualities we value.

## Your Role at Maidment Land Surveys

- You will be responsible for managing multiple survey projects, encompassing topographic, construction, and legal surveys.
- Your involvement will span the entire project lifecycle, from initial client estimates, communication, research, field crew management, calculations, drafting supervision, plan review, and all the tasks in between.
- As a mentor and guide, you will also impart your industry expertise to our field and drafting personnel.
- You will engage in consultations with clients regarding ongoing and upcoming projects, providing expert advice.
- You will collaborate with project consultants, local authorities, and provincial agencies to ensure timelines, project outcomes, and quality are all met.
- Leveraging your knowledge of municipal application procedures, land use regulations, provincial legislation, ALSA standards, and Land Titles standards will be crucial to ensuring the efficiency and quality of project completion.
- Ensuring the satisfaction of our clients is paramount.

At Maidment Land Surveys, you will have the unique opportunity to join a small firm with a big presence. It's a place where you can actively participate in all aspects of our operations. Your knowledge, skills, and personality can make meaningful contributions to every facet of our organization. You'll work closely with our experienced surveyors, field crews, and drafters to continue your growth and your journey.

Let's discuss how you can build your career with us.
